

Website Services Agreement

This Website Services Agreement (the "Agreement") is made between South Shore Web Works ("Provider") and the client identified below ("Client"). It governs the design, launch, and ongoing care of the Client's website.

1. The Parties

Provider: South Shore Web Works — Paul Attardo — paulatt11@aol.com — (781) 589-8931 — southshorewebworks.com

Client legal name: _____

Client business name: _____

Client email: _____

Client phone: _____

Effective date: _____

Requested website address (domain): _____

2. What We Will Build

Provider will design and launch a professional website for the Client's business, including the Client's contact information, services, and branding, and will register the agreed website address (domain). The website is targeted to be live within 24 hours of receiving the start fee and the Client's completed intake answers. Launch timing is a target, not a guarantee.

3. Start Fee

Client pays a one-time start fee of \$999, due before work begins. The start fee covers the domain registration, the initial design and build of the website, and the launch.

4. Monthly Care

Client pays \$99 per month, in advance, for ongoing care: hosting, monitoring, edits, tweaks, and keeping the website fresh and working. The first 30 days of refinement after launch are included. New pages, major redesigns, or significant new features may be quoted separately. There is no long-term contract.

5. Cancel Anytime

Client may cancel at any time by email or text message. Cancellation takes effect at the end of the current paid monthly period. Amounts already paid are not refunded. Upon cancellation, the website may be taken offline and the domain remains with Provider unless ownership has transferred under Section 6.

6. Ownership and Transfer

Earned ownership: After six (6) fully paid monthly care payments of \$99, ownership of the website and the domain transfers to the Client at no additional charge. The six monthly payments satisfy the transfer requirement in full.

Early transfer: If the Client wishes to take ownership before six monthly payments are complete, the Client may pay a transfer fee of \$499. Upon payment, Provider will cooperate to transfer the domain and deliver a copy of the website files to the Client.

After any transfer, the Client is responsible for the Client's own hosting, domain renewals, and maintenance. Domain transfers are subject to the rules of the domain registrar, including any mandatory waiting periods after registration.

7. Content and Rights

Client owns the materials the Client supplies (text, photos, logos). Client grants Provider permission to use them to build and operate the website. Provider retains ownership of Provider's pre-existing tools, templates, and methods.

8. Client Cooperation and Service Limits

Client will provide accurate business information and timely feedback. Provider does not promise search-engine rankings, sales results, or the availability of any particular domain name. Provider is not liable for indirect or consequential damages; Provider's total liability is limited to the amounts Client has paid under this Agreement.

9. Entire Agreement

This document is the entire agreement between the parties. Changes must be in writing and agreed by both parties. This Agreement is governed by the laws of the Commonwealth of Massachusetts.
